MOD 7-Assignment #2
November 14, 2017
<p style="text-align:center">Levels of Cognitive Complexity</p>

1.) <u>Knowledge:</u>

Example:) What is the most popular form of dance in today's society?

<u>*MS.S2.H4:*</u> *Identifies examples of social and dance forms. (e.g., ballet, modern, hip hop, etc.).*

2.) <u>Analysis:</u>

Example:) Give 2 similarities and 2 differences between Native American dance and tap dance.

<u>*MS.S2.H1:*</u> *Applies knowledge and terminology associated with selected dance and rhythm activity.*

3.) <u>Comprehension:</u>

Example:) Explain the relationship between coordination and timing when trying to follow a dance beat.

<u>*MS.S2.H2:*</u> *Applies movement concepts and principles to analyze and improve performance of self and/or others in dance, rhythm, and fitness activities.*

4.) <u>Synthesis:</u>

Example:) What would a dance look like if you combined elements of ballet and hip-hop? (Everyone demonstrates a move).

<u>*MS.S5.H3:*</u> *Selects and participates in physical activities or dance that meet the need for self-expression and enjoyment.*

5.) <u>Application:</u>

Example:) Can you apply what you have learned dancing on your own thus far and now perform a partner dance?

MS.S4.H3: Use communication skills and strategies that remote team or group dynamics.

MS.S4.H4: Solves problems and thinks critically in a dance setting, both as an individual and in groups.

6.) <u>Evaluation:</u>

Example: Given what you have learned in this dance unit, list and defend what you believe to be the biggest benefit dance gives to your everyday life.

MS.S5.H1: Recognizes the value of physical activity for health, and analyzes the benefits of a self-selected physical activity.
