To Whom It May Concern:

This letter is in reference to Paige Anderson. This past fall I enjoyed having Paige as a student teacher in my classroom. I was often impressed with her level of professionalism as a new teacher. Paige has excellent organizational skills and always holds herself to very high expectations. She had a great transition into teaching and my students not only listened, but respected her teaching style immediately.

Paige is a great team player, I greatly enjoyed team teaching with her. As she would see a need she was very quick on her feet to find solutions to make our lessons run smoothly. I have never worked with a new teacher who anticipated needs like Paige. She is extremely hardworking, often she has a task completed before I have even asked for it to be done. As a member of our core team she was willing to fill in where needed for other teachers. She always has a proactive and positive attitude. She has great fortitude and perseverance. As I read through the feedback from my students left her as she prepared to leave, I was blown away from the great feedback our students gave her. With 340 students, we had 100% positive and sincere feedback. That statistic speaks highly to her ability to create relationships with students.

Please strongly consider Paige for any position you have available within your district. She will be a great asset and excellent member of your team. If you have any further questions please contact me at 605.730.1188 or Sheila_peterson@bismarckschools.org.

Sincerely,
